

Durasol incorporates state-of-the-art motors and electronics from Somfy®, the industry leader. Durasol also offers an American Heritage™ line of motors that are UL listed and CE approved.

Your Durasol dealer will work with you to design a shading solution that allows from one touch wireless control to fully-automated functionality.

Somfy® Motors

- All Somfy® motors are UL and CSA recognized
- 5 year warranty on Somfy® motors and electronics
- Broad range of Somfy® motors to meet your needs
- ISO 9001 certification
- 35 years of experience

American Heritage™ Motors

- Independently tested and UL listed
- Engineered specifically for Durasol and the diverse North American climate
- Complete range of override and non-override models
- Stainless steel override stem
- 6' long, UV coated white powder cords on most models
- Quiet operation
- Operates with current standard motor switches and electronics
- 5 year warranty on American Heritage™ motors and electronics

Complete the custom look of your Durasol Awning by choosing from our selection of valance styles and coordinating braid colors! Durasol's computer cut and zig-zag machine lock-stitched braided valance add just the right decorative finishing touch to your awning. Choose from 5 different valance styles and many braid colors. Braids join the awning and valance in a matching fabric. Our braid is made from durable 100% solution-dyed acrylic.
